1	This movie is not a communal movie by any means but it is the true story which has been documented by several interviews and other factual evidence. All characters shown in the movie are original characters and the movie shows the reality behind the 1990 Hindu community cleansing and genocide done by the then KPLF (Kashmir People Liberation Front) with support from Pakistan based ISI. KPLF has since then been banned as terrorist outfit for instigating crime against Hindus in the Kashmir Valley. We request the NZ government to recognize the truth and pain behind this heinous incident and allow the screening of the movie. A responsible global citizen	3/21/2022 2:28 PM
2	Why the selective stance just like not teaching the Waikato land wars. Terrorists are Terrorists anywhere so the truth must be exposed so the jihadis can run around just like Biden deserted Afghanistan . Islamic jihadis money in	3/21/2022 12:25 PM
3	This picture will explain the horror faced by Hindus in their own country and the world remained silent. We have sympathy for Ukrainians we are sad for Ughir Muslims and we should not turn our back on the victims of January 1990.	3/21/2022 12:19 PM
4	These films were on the same line of stories, genocide, or racial action where one race had impacted there brutality to verious other race. Those films were released without any issue. Why The Kasmir Files ? The Pianist (2002) Life is Beautiful (1997) Schindler's List (1993) The Counterfeiters (2007) Sophie's Choice (1982) Europa Europa (1990) The Diary of Anne Frank (1959) Divided We Fall (2000). A scene, representing factual avoidance, is same as what shown in Schindler's List - gas chamber, or just change of a pajama kills a kids in movie, The Boy in the Striped Pajamas. If the fact is accepted at both side, the issue can be sorted out, but denials on every issue of terrorism every time is not the solution. Every race has some elements of nuisance, but at the same time the whole race comes forward and confront such elements with acceptance of those actions for the rest of the world, just to assure it never happens, but have we seen any such regular action from the terrorist race. The fairness is not only word, it demands dedication and action. The Kashmir file is an action to demand justice, for those who committed, not the alidation to the race. Yes, it is the issue of the race to sort out internally, but just can't put an illegitimate stop to presetrn fact of brutality before 32 years.	3/21/2022 9:50 AM

14	This movie does show the story of the 7th wave of genocide of the Tangata Whenua of Kashmir , the indigenus Kashmiri Hindus (with Tupuna and Whakapapa extending to more than 6000 years) The movie has a scene where the protagonist talks about terrorism, and he is replied with "But Kashmiri Hindus did NOT pick up guns. Terrorism and Violence is NOT the solution to justice" (Brahma Dutt to Krishna Pandit) Another scene where a refugee in a refugee camp (Anupam Kher/PuskharNath Pandit) mentions about how " his grandson's education is more important than anything" This movie actually mentions how it feels to be a refugee, and denounces and discourages terrorism and violence. This movie is	3/21/2022 6:34 AM

terrorismphobic , and not against any particular community. Hope all Kiwis welcome this movie, and express solidarity with the indigenous Kashmiri Hindu community

15	I want Kashmir files to be released in NZ. This is against Freedom if speech if it is banned	3/21/2022 6:31 AM
16	This movie shows Kashmiri Muslim drivers helping Hindu refugees escape Kashmir, to escape infiltrated terrorists. The rise of terrorism in Kashmir in 1990 can be attributed to the end of cold war, when the militants infiltrated Kashmir after achieving their objectives in Afghanistan against invading Soviets (Jammu and Kashmir officially shares borders with Afghanistan). The movie is not Islamophobic. I hope our fellow Kiwis , particularly Kiwi Muslims welcome the indigenous Kashmiri Hindus tell their own stories of persecution at the hand of terrorism, and empathise with them, and denounce all forms of terrorism, whatever the source	3/21/2022 6:28 AM
17	"Indigenous people should be allowed to tell their stories" ~ Movie "Cousins", 2021. Please allow indigenous Kashmiri Hindus , with a history, heritage and connection to the land of Kashmir for more than 6000 years. The tupuna and whakapapa of Sage Kashyapa (after whom Kashmir is named) are the original tangata whenua of Kashmir. If Maori history can be introduced in Aotearoa, please also allow the indigenous tangata whenua of Kashmir tell their story of genocide at the hands of invaders/colonisers/terrorists/militants (all the 7 waves of Kashmiri Hindu genocide)	3/21/2022 6:22 AM

31	Movie depicting true incidents backed by solid evidence should not be held back from release anywhere. This attempt to halt screenings only sets an extremely negative precedence worldwide and an unjust and unfair decision for the victims of such a ghastly massacre and genocide.	3/20/2022 5:36 PM
32	Please release the film. If not that will be more upsetting for kashmiri hindu and will feel muslims want to suppress the history. We know muslims in NZ are not to blame. By requesting a ban they are indirectly taking responsibility of those incidents . They are not doing favours on themselves.	3/20/2022 5:06 PM

46	The Film is said as proposing hatred against Muslims in India, but no killing is done by Hindus, no destruction nothing, whereas muslims in India, Pakistan and Bangladesh are continuously targeting Hindu temples,	3/20/2022 1:37 PM

48	Kia Ora! I got to know a few Islamic organisations want The Kashmir Files film to be banned here in New Zealand and the film has been put on hold from its release. I feel such a demand for a ban shows the intolerant nature of some people. There were films like Argo, Zero Dark Thirty, Schindler's List and more. Should we have banned them because those films showed an uncomfortable truth? It's upsetting to see New Zealand which is seen as an example of a free society where everyone is free to express themselves. Demand for a ban for this film is against democracy and a threat to freedom of expression. Here is a Interview of a terrorist who was involved in genocide of Kashmir's non-muslim minority. https://www.youtube.com/watch?v=VsDhICBCD7Q and an old video about the genocide of Kashmir's non-muslim minority. https://www.youtube.com/watch?v=7tXX7caN2tU&t=85s I request you to use your conscience when you make the decision. Thanks and Regards, Ajay Agrahari	3/20/2022 1:22 PM

91	Please allow this movie in NZ	3/20/2022 7:21 AM
92	Kashmir Pandits were victims of terrorist attacks, silenced for 30 years. Their story needs to be heard just like stories of victims of terror attacks like Ukraine, March 15, 9/11. NZ censor board, NZ govt and NZ police show maturity and faith in the peaceful Indian people in NZ who have stood with and supported victims of March 15 terror attacks.	3/20/2022 6:59 AM

93	The world turned a blind eye 30 odd years ago when Kashmiri Hindus were being murdered, raped and tortured by Islamic Militants which resulted in one of the worst genocides in modern times. Refusing to screen this movie which is based on true events will make you and your country complicit in this genocide of Kashmiri Hindus in their homeland. This movie is to the Kashmiri Pandit community what Schindler's List was to the Jewish community and Hotel Rwanda was to the Rwandan people. The Kashmiri Pandits deserve the right to have the truth of their genocide and exile from their homeland told to the world. Don't silence their story.	3/20/2022 6:59 AM

107	Request you to show the truth to the world. This can happen in any place in the world	3/20/2022 5:27 AM
108	Banning would set a bad precedent for victims of violence anywhere in the world. It's a plan and simple "bullying the victim" tactic. Muslim community in NZ should have been more sympathetic but it's partisan support based on who's the victim will make people question their credibility itself.	3/20/2022 5:22 AM
109	The Kashmir Files should be treated as any other film on true events and should be released in New Zealand. People should stop wrongdoings not stop the film to be released based on the wrongdoings. If national TV can show Russian atrocities on Ukraine. A film based on this real incident should also be released. Russians can't be the ones calling out shots to ban the release of the film.	3/20/2022 5:09 AM
110	Please allow the truth to come out. It is important to know the past so that such incidents are not repeated in the future. Whitewashing history and brushing under the carpet can not be good for any ideology or community.	3/20/2022 4:59 AM

154	I watched Kashmir Files in SA and felt very emotional for the people who were displaced, tortured, raped and killed. Viewers can create their own opinions of the movie, however since it's based on real life events there's no sugar coating anything. Genocide is genocide any which way one wants to look at it and many countries have been through this before. Why ban only this coverage of genocide, it seems NZ is being biased.	3/20/2022 1:55 AM

166	Denying Screening of The Kashmir files is tantamount to denying Holocaust !!	3/20/2022 1:11 AM
167	Banning Kashmir Files is banning the justice, banning the plight of Hindus, banning the discourse and dialogue that needs to ensue which is long due . Moderate muslims are also victimized. Radical islamists that perpetrated these grotesque, disgusting and perverted deeds are just a small fraction of atrocities endured by the Hindus over past 1000 years. Numerous genocides against Hindus are ignored as we are minority in the world stage. True secularism and incisiveness can only be achieved when factual, verified and unfiltered accounts are confronted NOT by banning or hiding them. There is little doubt about the occurrence of the events. Movie is a message to the world when radical Islamists takes over. The crimes are analogous to current islamic state regimes. Banning will foster the falsified societal values, leading to a moral bankruptcy destined where the world is destined to repeat the history. This movie is not communal this movie's message is to show the harrowing and brutal genocide of Kashmiri pandits. There are many movies about jews that show horrific deeds of Hitler's regime. This movie highlights what happens when the unhinged hatred against Hindus is left unchecked. Hindu community did not have a voice despite numerous genocides over past 1000 years until now. Visuals do the justice which books cannot show. It was a systemic genocide where the independent state failed to stop. And these failures should not be repeated	3/20/2022 1:09 AM

189	Dear NZ govt., Don't fall in trap of these terror sympathisers, its your time to stand with the plight of Kashmiri pandits	3/20/2022 12:14 AM
190	The movie is based on real story. It's a story of a minority in Kashmir and their struggle, a story which shows how they were living in fear, how they were singled out and killed, how they were made to run from their homes leaving behind everything. Not screening this story is the same as supporting the genocide enablers. That minority group have been living like refugees in their own country, no one heard their cries of pain and suffering. But after 32 years their story is finally being shown, the movie doesn't even depict 10% of their pain and suffering and yet it's gut wrenching. Don't do them injustice by not screening the movie.	3/20/2022 12:12 AM
191	Support the truth	3/20/2022 12:10 AM

228	The kashmir files represents true incidents happened in Kashmir. Its shows the genocide of Kashmiri minority communities. As New Zealand is a big supporter of human rights and freedom of expression it is duty of NZ to give platform to The Kashmir Files, so that acknowledgement of pain and suffering of a minority community can be made. If NZ bans TKF it would be like supporting Hitler in Jews genocide in WW2.	3/19/2022 10:39 PM

243	I have watched the movie and the content of the movie is not at all biased or incites hatred against any community. The movie is based on real incidents and it showcases truth as it is. Saying otherwise is an attempt to silence not just the victims of injustice but also a precedent to silence anyone speaking TRUTH.	3/19/2022 9:56 PM

262	Truth should be never be hidden.	3/19/2022 9:14 PM

263	Censoring The Kashmir files equates to Censoring any movies on Jewish Holocaust. I beleive New Zealand will stand for freedom of speech and won't budge to some religious extremist group demands	3/19/2022 9:14 PM
264	Please release this movie. Because The kashmir Files Movie tells about mass genocide and ethnic cleansing of Kashmiri Hindus from Kashmir velley.	3/19/2022 9:14 PM
265	It's very good movie	3/19/2022 9:14 PM
266	The Islamic people have never dared to face the truth, the people of that religion only work to annoy the whole world. Uno is also a nonsense organization. What Islamophobia Day has recently declared, indeed, both Uno and Islam are a threat to the humanity of this world.	3/19/2022 9:12 PM
267	Film displays facts of the history from both sides and every human being has a right to see it and so film should be screened in theatres.	3/19/2022 9:09 PM
268	The Kashmir Files is a true story about how Islamic terrorist did Hindu genocide forced them to leave their home...	3/19/2022 9:09 PM
269	Not allowing the motive just due to afew as hoc objections would deprive a large audience to watch this movie. NZ community have always shown to be respectful of other communities and to say a movie will change this is not true.	3/19/2022 9:06 PM
270	Don't ban Kashmir files	3/19/2022 9:05 PM
271	Freedom of expression is a liberal value you need to uphold. This film is truth of Hindu genocide. If you think this will hurt sentiments of any group, let them not watch it. As said in this petition, not a SINGLE case of violence is reported as a result of thousands of screenings. Show your liberal spirits and release this movie in New Zealand. It's such a shame otherwise on you.	3/19/2022 9:03 PM
272	Stopping screening of a movie that records true genocide of a minority population that has been rendered minuscule is equal to abetting genocide. For God's sake, treat genocide as what it is. And if you ask why such movies were never made before - that is what genocide is all about. Victims are people with zero support and they die a cold friendless death. One man dares to show a fraction of truth about what happened and this is what happens. Powerful forces stifle the voice of truth with their brute power of majority even in democracy. Sad.	3/19/2022 9:00 PM
273	You are either on side of truth by screening this movie or on the terrorists who made half million people leave their homes and homeland.	3/19/2022 8:59 PM
274	I belong to Kashmiri Pundit community that witnessed the Ethnic cleansing and were victimized by it. We had 32 years to spread hatred against Muslims yet we were non violent. All we ask for is voice and justice. This movie is only a platform to amplify our voice so that we get justice. If you watch the movie that is true account of everything that happened, you can imagine the PTSD we got from it. Asking for legal justice is not hate crime. It is closure.	3/19/2022 8:59 PM
275	It is a must watch movie. Story based on real incident happened.	3/19/2022 8:55 PM
276	Please allow the movie to be screened	3/19/2022 8:54 PM
277	Let the truth unfolds for everyone to see	3/19/2022 8:51 PM
278	TheKashmirfiles movie doesn't violating any community just that movie spreading the truth of islamic terror and reality which they not accepting Truth can be upset but not defeated... 😊	3/19/2022 8:51 PM
279	Respect freedom of speech NZ	3/19/2022 8:49 PM
280	Stand for humanity. Recognize the plight of Kashmiri Hindus. Calling a spade a spade is not phobia. Its the TRUTH. 'Sathyameva Jayathe' i.e., the truth shall prevail.	3/19/2022 8:48 PM
281	This movie should be released in New Zealand and people should watch it! It won't create any hate against muslim communities instead muslims of NZ should also watch it, if they stand against terrorism!	3/19/2022 8:45 PM
282	FOE cannot be limited to or reserved for select few.	3/19/2022 8:43 PM
283	It's the truth about what happened to the Kashmir pandits in kashmir. This movie should be available for everyone to watch in theatre.	3/19/2022 8:42 PM
284	I can here by state that, this film is not communal and doesn't promote islamophobia and only depicts the facts based reality of the history. This film doesn't contain any communal propaganda. It's the representation of harsh reality which took place in our history but was	3/19/2022 8:42 PM

	put under the carpet deliberately. The plight of terrorism victims must be heard by every peace loving individual.	
285	Please let the world be aware of autocracy by a people of Kashmir in kashmir against a certain class or religion to occupy the region	3/19/2022 8:39 PM
286	Film is based on true events ..people have right to see truth and share pain of kashmiri pandits	3/19/2022 8:36 PM
287	The movie takes you through the pain of the victims. Must watch. Exposes the false narrative, the hidden truth in raw form.	3/19/2022 8:36 PM
288	It must be shown to everyone	3/19/2022 8:35 PM
289	Namaste, Please allow Kashmir Files Screening in New Zealand or world wide, Help us.. Thank you so much..	3/19/2022 8:29 PM
290	It is the truth everyone should know	3/19/2022 8:25 PM
291	I want to watch the movie. Its based on a true story and Genocide of Hindus especially Kashmiri HINDUS.	3/19/2022 8:25 PM
292	Movie ban in a democracy is unimaginable,closing eyes to truth wil hurt whole world!!	3/19/2022 8:24 PM
293	Movie ban in a democracy is unimaginable,closing eyes to truth wil hurt whole world!!	3/19/2022 8:23 PM
294	A community which consists more than 30% of World's population and having 56 of their own countries is saying it's Anti-Muslim. Do I even need to present any other point here. If Nazis wouldn't have done the holocaust then there wouldn't have been need of a movie like Schneider's List. Similarly if Muslims of Kashmir wouldn't have done the genocide then there wouldn't have been need of the film. If Schneider's List is not spreading hatred for Nazis then how come The Kashmiri Files is doing that ? "If you don't wanna be blamed, Then don't commit the Sin" !!!	3/19/2022 8:22 PM
295	This movie must be shown so that people of New Zealand become aware about at least 1 episode of the Hindu holocaust, which over a time of 800 years has resulted in >80 million Hindus dying (10 times the Jewish holocaust). The Kashmir Files, like Schindler's list, is a small window to understand know what these victims went through. The movie is only minimally graphic even compared to many Hollywood movies in recent years which have got a Parental Guidance (PG15) ratings.	3/19/2022 8:19 PM
296	Its based on hard facts, after 4 years of ground research, the director has made this movie. This shows the reality as it is. The problem is, this truth was hidden even in India by big authorities and even India is shocked. And the culprits and responsible people of this genocide are still walking freely and the Kashmiri Hindus still haven't got their homes back.. And to avoid this justice to be served, culprits are trying to suppress this movie and they have been supported by such communal groups across globe.	3/19/2022 8:18 PM
297	Refusing to screen this film would be akin to refusing to screen The Schindler's List; In both cases, the subtle implication being the denial of the genocide. I implore authorities in New Zealand to screen this film to give voice to the persecuted Kashmiri Hindus.	3/19/2022 8:16 PM
298	After 32 years of genocide and exodus of half a million Kashmiri Hindus, someone dared to tell the truth. Denying genocide is bigger crime than the genocide itself. Let the story of victims be heard and seen.	3/19/2022 8:14 PM
299	Let the movie release.	3/19/2022 8:09 PM
300	Kashmir Files is a movie based on true story which was ignored for almost 3 decades. Please watch this and save your future.	3/19/2022 8:08 PM
301	The movie tells the unsaid truth about genocide of kashmiri hindus and how they were ignored by everyone globally. If someone preaches humanity then they should support this movie.	3/19/2022 8:07 PM
302	This film is an important milestone for conversations to begin. Kashmiri Hindus who have been wronged have had no recourse for more than 3 decades. Unless communities are able to talk about this trauma, healing and reconciliation will not be possible. New Zealand should know this better than anyone else. Please allow this movie to play in cinemas and do the right thing.	3/19/2022 8:07 PM
303	#thekashmirfiles true story based movie. Nothing personal with any community	3/19/2022 8:06 PM
304	Please release it in NZ as denial of a genocide is worse than genocide itself. Kashmiri Hindus genocide needs to be recognized	3/19/2022 8:02 PM

305	This film i totally based on truth and fact	3/19/2022 8:01 PM
306	This film is based on true story and should be screened. Everyone has freedom of speech and no one should stop anyone from exercising their fundamental right.	3/19/2022 8:01 PM
307	It is sad to see terror groups are supported by Islamic scholars and a democratic country like NZ is under pressure due to that	3/19/2022 8:00 PM

309	I want all the minorities to be protected bit I feel it is democratic to show the things that happened with Kashmiri minorities and the testimonies are already there in you tube in wild films Channel.Also I know a couple of Kashmiri minority friends as well who were affected	3/19/2022 7:55 PM
310	Let the truth prevail!! Let the freedom of free speech and expression win!	3/19/2022 7:54 PM
311	It needs to be watch	3/19/2022 7:52 PM

313	This is real story of Kashmir Hindus who faced terror. A story that world needs to know, whose banning is nothing but suppression of truth. Only guilty fears truth.	3/19/2022 7:44 PM
314	Every point shown in this movie is based on facts.	3/19/2022 7:44 PM
315	The movie is showing only the truth happened to the kashmiri pandits in January 1990 by the terrorist groups It is not showing or sharing any false or fake information	3/19/2022 7:41 PM
316	This movie is truth of Kashmiri India ,that how they were punished of Hindu religion	3/19/2022 7:40 PM
317	It's unfortunate to deter freedom of speech in a democratic country.	3/19/2022 7:40 PM
318	Freedom of speech and expression being murdered in NZ.	3/19/2022 7:39 PM

433	Asking to ban this movie because it would spread Islamophobia is similar to asking to not kill osama bin laden just because he was muslim. The people who did kashmiri hindu genocide were terrorists. So the problem lies with those who sympathise with terrorists just because they happened to me muslim. This movie is 100% based on facts and does give a glimpse, albeit small one, of the atrocities meted out on kasmiri hindus in 1990s who have till now not got justice. It gives voice to the voiceless. It is a very important movie and how newzealand decides upon whether it will release it or not will give us an indication of the moral compass of the country.	3/19/2022 5:37 PM

570	Movie MUST be released. It shows the brutal truth about what happened to our Brothers and Sisters from Kashmir.	3/19/2022 4:40 PM
571	The movie The Kashmir Files is a movie based on facts and real life incidents of unspeakable cruelty, atrocities, mass killings of Kashmiri Pandits in 1990 by the Islamists Terrorists. As a result of the genocide of Kashmiri Pandits and Hindus, they had to flee Kashmir leaving everything behind and live as a refugee in their own country. There are many who have confirmed and narrated the bone-chilling incidents of killings, rapes, violence against the Kashmiri Pandit and Hindu communities. It is a well-researched movie based on facts. The Truth that was hidden and suppressed for over 3 decades must come out and the persecuted community must get due respect and justice that is due to them. This kind of brutal hate, killings, genocide by the Islamist Terrorists must be denounced world-wide so that no such incidents take place ever anywhere in the world. The world must know the Truth. I would urge the NZ authorities to allow screening of the movie in NZ. Thanks	3/19/2022 4:39 PM
572	Kashmir Files is not only truth but voice of justice demand for victims of Genocide in Kashmir. It must be shown. Request New Zealand government to understand that.	3/19/2022 4:38 PM
573	There's not a single thing in the movies which is showing wrongly. It's showing the genocide of Kashmiri Hindus from valley in 19th January 1990, where CM of the state firstly released 70 plus terrorist and day before the genocide resign from it's position to enjoy holiday outside side. But before resigning he make sure that all the security forces stay outside villages so that they can genocide the kashmiri hindus. And there was not one to order security forces to come back as he has already resigned from there. That was preplanned genocide by Islamist. So showing islamist as it is for what they have done is not wrong in any context.	3/19/2022 4:38 PM
574	The film creates catharsis for the viewer, not feel hate for anyone.	3/19/2022 4:37 PM
575	Please release the film and prevent foe	3/19/2022 4:36 PM

581	The Kashmir file is truth of Kashmiris Hindus of genocide	3/19/2022 4:36 PM

582	It's easy to stand for free speech when it comes to Muslims, because we have been brainwashed into thinking that they are always the victim, no matter which country, which context, which era. This is an elaborate lie. They're the only faith where we still stand and watch while they kill in the name of blasphemy, oppress women and obliterate cultures. The style of filmmaking for Kashmir files can be debated, but this targeted genocide happened. It is the incontrovertible truth. If NZ doesn't stand for the release of this film, you're hypocrites who only stand for free speech for some and not all.	3/19/2022 4:35 PM
583	This movie is about victim not perpetrators	3/19/2022 4:34 PM
584	The Kashmir Files is a movie of ages which should be shown to each & every individual to know the plight of Kashmiri Pandits & the Genocide which they faced. 589	Its movie on genocide of kashmiri hindu	3/19/2022 4:33 PM
590	#KashmirFiles isn't just about the Pandits #genocide, it's a prelude to the "Cultural Genocide" that took place in the last 600-700 years. Made up curious and I ended up reading about Kashmir's history from 3000 BC - till date. Such a rich Hindu-Buddhist culture simply eradicated. History must be preserved to learn lessons for the future.	3/19/2022 4:33 PM
591	This film is based on true incidents and now being the voice of suppressed and oppressed people. The voice of truth and free will of people to watch must not be controlled or suppressed further.	3/19/2022 4:32 PM

620	A ban on this film is equivalent to shutting down Schindler's List and negating the genocide of gargantuan proportions because it is uncomfortable for a few token people. This truth must be told for any reconciliation to happen amongst 500,000 Hindu Kashmiris who have been forced out of their homes. New Zealand with an enviable reputation for democratic principles, human rights activism and equal rights must stand as a beacon for the justice of these displaced people. Terrorism has no religion.	3/19/2022 4:25 PM

735	Authority can never be the ultimate truth, Truth has to be the ultimate truth .This picture depicts the truth of Kashmiri Hindu Genocide .When we say Nazis butchered the Jews, it does not mean we hate the present generation of Germans. Similarly radical Muslims of Kashmir butchered Hindus but it does not mean we hate Muslims. IT is the duty of NewZealand Govt and Censor Board to not come under pressure of radicals and do what we Hindus call Matsya-Nyaya i.e the Big fish will swallow the small fish. Let the Justice Prevail and it is the ultimate message of the picture as well #Right to Justice	3/19/2022 4:02 PM
736	Sorry	3/19/2022 4:02 PM
737	The movie is a genuine account of Genocide of Hindus who were subjected to extreme murders , torture , rapes and mass migration. Any attempt by New Zealand Authorities to prevent public screening of this movie will be a blot on the Country which the citizens will live to regret in the future.	3/19/2022 4:02 PM
738	It is important for the world community to know the whole story of Kashmir. So far, the world has known only one side of the coin. It is the first time through this movie that the atrocities and crimes committed against the Kashmiri Hindu community have come to forth in such an impactful manner. Every persecuted community has the right to tell their story so do the Kashmiri Hindus. The movie is based on the testaments of the Kashmiri Hindus who are the first hand victims of the genocide. Moreover, the makers have further cross verified the	3/19/2022 4:02 PM

facts from administrative records, news pieces and several written accounts. The allegations of Islamophobia is a far cry as the makers have only pointed out the problem of islamic radicalism and terrorism rather than painting the whole Muslim community in one colour. The makers have also made the same clear in some scenes. So I urge the Newzealand Government to let the Kashmiri Hindu community to tell it's story. It will help them get justice and closure.

739	As an Indian citizen I support the release of The Kashmir Files in New Zealand. All democratic country or people who live in free world must see the movie. Truth cannot be suppressed long. It will out one day. Please release The Kashmir Files in NewZealand.	3/19/2022 4:02 PM
740	Whoever opposes or suppresses the truth earns the black spot in history. A story that exposes the heinous side of hatred based crime, teaching a lesson to others about coming together and ensuring it does not occur, must be told. It's a story of terror, not a religion.	3/19/2022 4:02 PM
741	Everyone watch this film for the sake of humanity....	3/19/2022 4:02 PM

743	#TheKashmirFiles movie is based on true events and every scene in the movie is true & depicts reality based on several documents & 700+ testimonials of first generation victims of Kashmiri Hindus Genocide in 1990 due to terrorism. If New Zealand Govt. bans this movie based on any false claims or narrative then it would mean that they are somewhat supporting terrorism by suppressing the voices of victims. Did the NZ Govt does the same with the movie Schneider's list, The Pianist etc based on Holocaust of Jews n 9/11 attack on America by terrorists? If no, then why want to suppress the voice of victims now?	3/19/2022 4:01 PM

904	This is a documentary not just a film. Not letting this film in theatres in NZ shows that Muslims are far away from the truth. They don't want to accept that they have brought blood and violence into this world.	3/19/2022 3:43 PM

917	It's the story of how a Indian community was made a refugee in India itself by some militant groups sponsored by neighbouring country. Victim families have also said that things shown in film are not even 30% brutal of what actually happened In valley in 1990s. I agree that story can have two sides but world needs to hear this side of story which was whitewashed for last three decades. Thank you.	3/19/2022 3:43 PM

919	The Kashmir Files captures a violent event in Indian history caused by extremist Islamism. Kashmir has since been misrepresented as a Muslim majority state by left leaning media and academia since, with out mention of the its Hindu past. It is not Islamophobia to talk about human rights violations perpetrated in the name of Islam. In fact, by attempting to ban the film, Muslims and others who have nothing to do with the guilty group are now aligning themselves and becoming complicit. New Zealand is a democracy and the democracy should respect free speech.	3/19/2022 3:42 PM
920	There should not ne any hindrance in screening of the kashmir files	3/19/2022 3:42 PM

The character of the community should be praised and shown world wide that after so much of persecution they never become voilent and outshined others in every field they go. 955	The Kashmir Files Movie is completely based on historical facts . World must know this truth . Everyone must watch this movie .	3/19/2022 3:39 PM
956	The film is based on real events which took place in the 1990s in Kashmir, India. Showing perpetrators of ethnic cleansing is not spreading hatred but making people aware of historic events which everyone should be ashamed of. That it took 30 plus years for the world to know this should be a matter of greater shame. Does showing a movie on the Holocaust spread hatred? This is the holocaust of Kashmiri Pandits . I urge the competent authorities to strike down any ill intentioned moves to censor this movie and the government of New Zealand to screen this movie and stand up for the freedom of speech and expression of the hundreds of thousands of Kashmiri Pandits who were ethnically cleansed from the Kashmir Valley in India.	3/19/2022 3:38 PM

969	One cannot say that showing Schindler's List will perpetuate German-o-phobia. Similarly, one cannot say that showing The Kashmir Files will perpetuate Islamophobia. Truth is Truth, and must be delivered unfiltered.	3/19/2022 3:37 PM
970	The incidents are well documented and people have right to know the truth	3/19/2022 3:37 PM

974	This is Movie is reality and it should not be banned.	3/19/2022 3:37 PM
975	Denying audience to this film is akin to denial of Holocaust which in fact is a crime in many countries. All the incidents shown in the movie have actually happened and been documented in the past as well. The survivor of the genocide are there to tell the story and they are coming forward to testify it. These people were victim of a bigger crime called victim shaming and never got an opportunity to open their hearts. Do not deny them this opportunity.	3/19/2022 3:37 PM
976	The film shows the truth. Every scene and every didligue in the movie is based on true incidents. The victims of this genocide/ ethnic cleaning are still alive to tell their stories. 1128	Hindus do not respond to movies, books or cartoons with terrorist attacks of fatwas. It is painful that NZ muslims who want the world acknowledge the terror attack on them are trying to suppress the voice of Kashmiri Hindus who were subject to mind numbing atrocities at the hands of terrorists. On one hand they say terrorism has no religion on the	3/19/2022 8:13 AM

	other hand they wish to identify themselves with the terrorists who attacked and continue to attack Kashmiri Hindus living in Kashmir.	
1129	This film is based on true historical events. Hence public curiosity is apparent world wide. Small group of radicals who think they are offsprings of those perpetrators, will naturally try to suppress the freedom of press.	3/19/2022 8:11 AM
1130	Kashmiri Hindus need justice and should be rehabilitated in their homeland of 5000 years. This film is depicting the reality of genocide of Hindus by the Islamic terrorism	3/19/2022 8:03 AM

1132	I want to see this real life account of the genocide of Kashmiri Hindus.	3/19/2022 7:57 AM
1133	Why is it that speaking the uncomfortable truth needs to be curbed? Kashmiri Hindus faced a genocide, this movie depicts what happened with them.. The perpetrators were islamists of Kashmir with multiple of them accepting what they had done on Television (Bitta Karate being one of them). This movie no matter how uncomfortable needs to be shown to people.	3/19/2022 7:55 AM

1140	Kashmir file should be screened in NZ	3/19/2022 7:33 AM
1141	How dare Muslims dictate such moves, to hide their own atrocities? Muslims are the reason behind unrest and terrorism in many countries including India. The world ought to take notice and stand up against this bullying.	3/19/2022 7:30 AM
1142	Like to watch and like to know history which we don't know last 32 years	3/19/2022 7:29 AM

1145	This is the truth of Kashmiri Hindus that were ethnically cleansed from their own homes. Truth must be told and shared, so as humans we can come together with shared humanity.	3/19/2022 7:17 AM
1146	This has been screened all over the world with no disturbance from anyone, so why not here in NZ?	3/19/2022 7:16 AM
1147	This movie is based on real life events and the scenes have been made using reference to testimonials from the victims and news reports. If this movie is not allowed to be released in New Zealand simply because of the fear that it might lead to Islamophobia by reporting facts then no TV channels in NZ should be allowed to report on the atrocities committed by ISIS, Al Qaeda, Taliban, Boko Haram, Al Shabab and other terrorist organisations that believe in jihad as this is also spreading Islamophobia https://www.oxfordlearnersdictionaries.com/definition/english/jihad	3/19/2022 7:08 AM

1149	Please let the world see what terrorism has done to humanity and no point hiding it but we need to learn from it. Thanks	3/19/2022 5:57 AM
1150	This movie must be shown so that people of New Zealand become aware about at least 1 episode of the Hindu holocaust, which over a time of 800 years has resulted in >80 million Hindus dying (10 times the Jewish holocaust). The Kashmir Files, like Schindler's list, is a small window to understand know what these victims went through. The movie is only minimally graphic even compared to many Hollywood movies in recent years which have got a Parental Guidance (PG15) ratings.	3/19/2022 5:50 AM
1151	It's my humble request to release the film as scheduled and it won't lead to any type of disturbances in Nz community.	3/19/2022 5:42 AM

1152	I have seen thls movie based on factual events BUT the director has taken caution to mellow down the brutality & avoided graphic violent scences. Computer games have more violence. Don't miss the opportunity to watch history that was forgotten or left unknown.	3/19/2022 5:40 AM
1153	In this fair and free world it would be highly unfair if this movie does not release in NZ. This movie is not banned anywhere and made tax free in most Indian states. It's based on true events and facts. There is no lies or anything this can be challenged upon. I would like to urge the authorities to please let this movie release as all the Holocaust based movies have been released in NZ without any problems. This is a true story and we deserve to see it as part of a free nation of NZ.	3/19/2022 5:29 AM
1154	I agree with the petition above & do swear there is nothing against any religion in the Film's narration. It talks only about a community that was terrorised into leaving their ancestral land and whose experience is brought to limelight by this film.	3/19/2022 5:29 AM
1155	By stopping the screening of this movie, my culture is being stripped away from me. It is obvious that this government does not want to show this movie because this movie goes against their narrative and has given in to anti Hindu lobbyists.	3/19/2022 5:18 AM
1156	Jai Hind	3/19/2022 5:09 AM

1169	Pls release #thekashmirfiles	3/19/2022 12:15 AM
1170	There should not be discrimination against a particular religion and the truth alone triumphs. NZ being a champion of Humanity and its fight terrorism, we expect the authorities show more maturity.	3/19/2022 12:12 AM
1171	This movie is the repressed Kashmir Hindu equivalent of Saving Private Ryan. Just like WWII movies that document Jewish holocaust by Nazis do not create violence against modern day Germans, truth should be told and that will help wean impressionable muslim youth away from extremism. I hope New Zealand loves up to its responsibility as a liberal democracy and promote this movie based on documented facts.	3/19/2022 12:01 AM
1172	The movie is based on real life events and needs a proper attention as they were deprived of justice. Let the world judge it by watching the movie.	3/18/2022 11:45 PM

1175	This film is NOT about race or religion. This is about a genocide that was swept under the carpet under our watch.	3/18/2022 10:55 PM
1176	This movie tells the truth of what happened to innocent Hindus due to terrorism. It is not against Muslims.	3/18/2022 10:48 PM
1177	This is important Movie to undertand the Future of Humanity	3/18/2022 10:42 PM

1178	For 32 years the world ignored us. At least give us our space to be heard and kindly do not deny us our right. This film is not even 10% of what we went through. Please do not suppress our feelings.	3/18/2022 10:40 PM

1180	Hiding the truth is a first step towards corruption and degradation of society.	3/18/2022 10:32 PM
1181	There is no propaganda in it. its reality many kashmir pandits still are in refugee camps since 1990 when they fled from kashmir valley saving their lives and their family too. Nz you have to decide if standing with innocent people is islamophobic remember one thing this terrorism thing leaves no one one day it will haunt you too so kindly stand with kashmiri pandits and help them get justice	3/18/2022 10:29 PM

1188	Plz watch yourself instead of acting on any deliberate act to hide the pain of victims.	3/18/2022 10:05 PM
1189	Stopping this truth to be unearthed is nothing but Hinduphobia. A whole community was ethnically cleansed from an Indian state and it took 30 years to know about it. Where are the human rights of kashmiri hindus? Stop Denial of Genocide.	3/18/2022 10:02 PM
1190	If NZ Censor board rejects the release of this film simply due to pressure by vested interest it would be a shameful mark in NZ's democratic history and a blatant suppression of FoE	3/18/2022 10:02 PM
1191	Hindu genocides was started somewhere 800 years ago, 600 millions Hindus lost lives due to Islamic invasion and 80 millions during British Raj .. that's the base numbers, KASHMIR was always remain hotspot for Islamic Jihad activities.. facts shown in the movie #TheKashmirFiles is just the tip of iceberg and director couldn't even included many incidents which were more violant, Newzealand as a democracy and free world should not bow down to Jihadist elements and allow movie theatre to run The Kashmir Files Denying screening of Kashmir files == Denying Hindu Genocide	3/18/2022 9:59 PM
1192	The Kashmir Files is a summary of genocide committed on Hindus resulting in killing of 5,000 Hindus. The violence on Hindus was on unprecedented scale and its only parallel is ISIS atrocities on Yazdis. This film is akin to a documentary on Holocaust in Germany which world need to see. Hence please allow the film to be released so that public is made aware of the crimes on Hindus.	3/18/2022 9:57 PM
1193	This movie is based on real facts, has happened with our community. And all the events are properly documented, and each and every victim is videographed from different parts of world, and majority of the 500000 community members feel the pain while they revisit their genocide and religious/ethnic cleansing through this movie. It is a MUST watch for all human beings to know what can happen when radicalisation and terrorism takes over.	3/18/2022 9:41 PM
